When you do you want the best, and you don't want to pay a high price. Come to us, we always sell cheaply and give satisfaction.

THE TAYLOR MILLING & ELEVATOR COMPANY.

Bow Island Sewer Pipe and Tile Comp'y

Will Erect Building Two Hundred and Forty-five feet in length.

Manufacture of Brick, Sewer Pipe, Tile and all kinds of Clay Products will be undertaken.

THE BOW ISLAND SEWER PIPE AND TILE Co., which has just been incorporated, and to which we have alluded in these columns in our two previous issues, proposes to undertake the manufacture of all kinds of clay products, including brick, sewer pipe and tile, at Bow Island. The works, when completed, will cover sixty acres of land, and will be rather larger than those at Medicine Hat.

The organizer of the company, Mr. W. Overpack, has had a lifetime's experience in his business, and owns or controls several plants of a like nature in the United States. He is president of the Marshalltown (Iowa) Sewer Pipe and Tile Co., a company which has met with extraordinary success since its formation, and which enjoys considerable prestige in the State in which it is located.

Mr. Overpack, when in Bow Island, stated that he was exceptionally well pleased with the prospects of his new venture. The location is excellent and the inducements held out to him by this town, coupled with our varied and wonderful resources, were such as to render a location elsewhere impossible.

Mr. Overpack has secured sixty acres from the Bow Island Development and Realty Co., for the location of this industry. Situated just west of the depot and parallel with the C.P.R. tracks it will be an ideal site for the purpose.

The agreement between the two parties stipulates that work shall be commenced not later than December 31st, 1913. The buildings to be erected will consist of one very large structure, two hundred and forty-five feet in length and eighty feet in breadth. This huge building, which will be a four story affair, is to be used for storage purposes, and for manufacturing tile and sewer pipe, etc. Mr. Overpack also agrees to erect such other buildings as shall be necessary for the proper and efficient operation of a factory of the said dimensions, such buildings to include the necessary engine and boiler houses and houses for clay machinery. He will also erect the necessary kilns having down draught and up draught in such number as shall be necessary for the proper and efficient working of the said plant, and such plant shall be equipped with fully modern and up-to-date machinery. The same shall be equipped and in operation in whole or in part as a factory not later than the 1st day of January, 1915, and will have employed in the factory not less than sixty men by the 1st day of January, 1915. Although the agreement stipulates that there shall be sixty men employed not later than January 1st, 1915, it is confidently expected that there will be this number at work in the spring, and by the end of the year there will be nearer two hundred than sixty.

Arrangements are being made for the erection in the spring of fifty houses for the workmen, in addition to which Mr. Overpack himself will build a large house for his own accommodation.

It may be added that the introduction of this industry into Bow Island is largely due to the generous gift of sixty acres made by Messrs. H. D. Wilson, E. W. Luchhardt and Dr. Peterson who comprise the Bow Island Development and Realty Co.

Sash and Door Factory will be Com-menced Early in the New Year.

THE BOW ISLAND SASH AND DOOR FACTORY particulars of which were given in a previous issue, will be commenced early in the New year, if present plans receive no check. Mr. Peterman is at present in his home town, Collingwood, Ont., dismantling his machinery preparatory to shipping it to Bow Island, and he hopes to have it arrive in Bow Island early in the spring. He expects to have the factory in full running order by the end of the summer.

Continued on page 4

Board of Trade Protests.

The Executive Committee of the Board of Trade met on Friday evening to discuss the question of making a further protest against the exportation from the Province of natural gas from the Bow Island gas fields.

It was decided to again memorialize the Provincial and Dominion governments, and the president and secretary were appointed to prepare a resolution, and send copies of same to the officials at Edmonton and Ottawa the representatives for this district of the Provincial and Dominion Governments and the various Boards of Trade in Southern Alberta.

The resolution reads as follows:

Resolution re Exportation of Natural Gas.

WHEREAS it is proposed to pipe natural gas from the Bow Island gas fields to points outside the Province of Alberta, and
WHEREAS the future development of the property of Southern Alberta depends mainly upon the maintenance of a manufacturing and industrial concern with a constant supply of cheap power, and

WHEREAS experience in other gas fields proves that the supply soon becomes exhausted when piped to other districts; therefore be it

RESOLVED that the Bow Island Board of Trade protest against the exportation of natural gas from this or any district in the Province of Alberta, to any other Province or Country, and be it

FURTHER RESOLVED that we do urge upon the Provincial and Dominion governments the immediate consideration and passage of such legislation that will prohibit the exportation of natural gas, or its sale or disposition at any boundary of this Province; and that copies of this resolution be forwarded to the officials at Edmonton and Ottawa, to the members for this district of the Provincial and Dominion Governments; and to the various Boards of Trade in Southern Alberta, requesting them to endorse this action.

PASSED by the Bow Island Board of Trade this Nineteenth day of December, A.D. 1913.

Expert Claims Bow Island Gas will last 100 years.

Calgary News-Telegram.

The Morning Paper sidesteps the home protection aspect of the natural gas question by pleading for its conservation because it is limited, not because we want any advantages in Calgary, Medicine Hat, Bow Island or other Alberta towns over those of Saskatchewan and Manitoba. If the only reason for conserving it is because it is limited, and we have no thought of our own cities, why not divide it up and let it go as far as it will? Those other cities will have to cease using it, just as well, as soon as it is exhausted.

We have the word of a gas authority in this city, however, to show that there is enough of this commodity in the Bow Island fields to last Calgary for a hundred years. If we want to be generous and desire a wide open liberality, with no thought of our own Alberta cities, of course, we might divide up our valuable commodity in the shape of natural gas, why not insist that we shall also have all the advantages there are to be derived by protecting and conserving one of our valuable commodities in the shape of natural gas, why not insist that we shall also have all the advantages there are to be derived by protecting and conserving another valuable commodity in the shape of wheat—in view of the fact that our industrial production is so sadly lacking and that natural gas will give us a great advantage in producing the finished article from the raw wheat.

The position taken by Mr. Miller looking to the conservation of the gas

Christmas Tree and Entertainment.

Voted a Great Success by Everybody.

The Oldfellow's Hall was the scene of great gaiety on Tuesday night when the children of the community turned en masse to welcome Santa Claus. At half-past seven all the seats were occupied although the entertainment was not to begin until eight o'clock. Santa Claus did not arrive until half-past nine and he missed one of the best entertainments ever held in Bow Island. All the boys and girls on the program were in full form and performed their parts very creditably indeed. It is always a source of pride and joy to parents and friends to hear the little ones recite and sing, and if Tuesday's performance is to taken as a fair specimen of the talents of the little ones, then Bow Island will produce many orators and great singers in the years to come.

Altogether the excellence of the program reflects great credit upon those who trained the children and those who had charge of the program.

Of course the first part of the evening was the Children's Tea and Santa Claus. The arrival of the latter was the signal for much excitement and he met with a royal reception.

Prizes and bags of candy were distributed to all the children, after which Santa Claus departed to perform his other engagements.

The program was composed of the following items:

Girls' Chorus: Recitation, Bertha Kirsch; Recitation, Laurence Halpin; Boys' Chorus: Recitation, Donald Sutton; Recitation, Connie Dulmage; Recitation, Clarence Neden; Drill by Tommie Fuller and Roger Wright; Recitation, Maggie Calder; Recitation, Frances Ross; Exercise by Boys; Girls' Chorus: Recitation, Glen Dulmage; Recitation, Vivian Rygg; Recitation, Bessie Calder; Boys' Song: Recitation, Edna Parker; March and Drill by Girls; Recitation, Juanita Garrison; Recitation, Grace Willmot; Girls' Quartette: Recitation, Ella Stengel; Recitation, Joe Neden; Boys' Song: Recitation, Ima Hubert; Girls' Chorus: Recitation, Rosa Huribert; Recitation, Clifford Still; Recitation, Howard Neves.

A Happy New Year to all our Readers.

certainly is a sound one. We cannot afford to waste a foot of it. But all these things do not alter the fact that something must be done to meet the situation at stake. In this case the protection of a home commodity for the benefit of the home community. And, if we insist that we in Alberta shall have all the advantages there are to be derived by protecting and conserving one of our valuable commodities in the shape of natural gas, why not insist that we shall also have all the advantages there are to be derived by protecting and conserving another valuable commodity in the shape of wheat—in view of the fact that our industrial production is so sadly lacking and that natural gas will give us a great advantage in producing the finished article from the raw wheat.

A MOTTO FOR THE NEW YEAR
Prolong the best stampede you can and you'll be ahead at the end of the year.

THE OUTCAST PARENT.

The Whole World's Chipp and All because of Little White.

YOU meet him in the forest, you meet him in the town, and, feel- ing at your worst, you long to knock him down and break him across your knees and break him, tie him in knots and shake him until he is white.

You meet him in the bars, you meet him in the jail; he holds you with his wax eyes and tries to tell his tale, but you don't care, you feel faintly shrinking, some quiet refuge seeking where he can't hit you trail.

You meet him in the hallways and in the parlors, and when he comes and always he breaks your aching heart. In vain you try to crush him, to make him "pink" him, in vain you strive to knock him and beat him to depart.

It is his wild endeavor (and you be the judge) to make you cry, to make you buy his things. Little White—his sweet, precious White, who drives the whole world silly. Hell tell you, with pride, that you travel, in which you're sure to.

"At breakfast time this morning," the outcast parent sighs, "without a bit of warning, my White-ups and downs. I was in the parlors, I was to take you hit the grave; with frantic speed you travel, in which you're sure to."

All rough and dark and hilly the outcast parent road. His years of cruel White are scarcely counted, for people travel, in which you're sure to places when with his tales he chooses forth from his grim abode.

So told is his bitterness, he does not understand that there is no human kindness for him in all the land. His wipers why we shun him and show him out and when his stories try to stun him down, he says that they should be canned.

He finds the whole world chilled and shudders to tell the things that little White gets off so passing well. His game's not worth the candle; we hold him to the old and wily years to hand on his cheeky, cheetish bell—Walt Mason in Judge.

His Wish.

He had a faraway look. It was evident that he was the proprietor of an assortment of large dapple gray thoughts. "What are you thinking?" his wife asked.

"I am just wishing," he replied. "What are you wishing?" she demanded, for he had been indicated, he was a woman.

"The wishing I were a great and wily years to tell the things that you're sure to," he said. "I think I ought to be if I expect to be worthy of you!"—Chicago Record-Herald.

Stage Novelty.

"Want time in vaudeville, eh? Are you a baseball player?"

"Shoot somebody?"

"Never."

"We're over then?"

"Merely an actor."

"An actor, eh? Well, I don't know. Actions are unusual in vaudeville, but the stage novelty of the thing might make it a go!"—Pittsburgh Post.

Har.

"What are you grinning about?" asked Mrs. Gabb.

"As a department in this magazine called 'Woman's Yell,'" replied Mr. Gabb.

"Well, what's funny about that?" demanded Mrs. Gabb.

"There is only a column of it," grins Mr. Gabb.—Cincinnati Enquirer.

Obvious.

"You can't wear your hat in this house, let me tell you."

"Not very well while you are sitting on it!"—Baltimore American.

**BIG CRACKS ON
HAND AND FINGERS**

Eczema for Three Years, Broke Out on Head in Scales, Itched and Burned Badly, Cuticura Soap and Ointment Cured.

Louis Brooks, N. S.—"I suffered with eczema for three years. It started on my head, and then spread over the palms of my hand and fingers with big cracks. Itched and burned so badly that I could not sleep. It was so bad that I was turning that I scratched and pulled at it so much that it got out awfuly bad. I did not know what it was."

"I was away for a long time and did not do any good. I gave up my work for a month and as I started during my vacation I did not do any good. I did not do any more. One day I read an advertisement for Cuticura Soap and Ointment and decided to try them. I sent for a sample and when I got it I used it on the itching and burning, so I got these cases of Cuticura Soap and a box of Cuticura Ointment and I used them and I was cured. Mr. J. McCarver, May 27, 1913."

When a Job Looks Good.

"Honesty is bringing about the good job he has," says Mrs. E. C. Gandy.

"Yes, he started yesterday." You see, he hasn't been in long enough to discover the work that goes with it."—Detroit Free Press.

Against High Prices.

"I'm going to sell tickets at the charity bazaar. Do you think I'll kiss a two-bit?"

"Oh, no. People expect to be paid at these charity bazaars."—Philadelphia Record.

THE BOW ISLAND REVIEW.
BOW ISLAND, ALBERTA.

Malting Company gets Interested.

(Continued from page 4)

Mr. P. H. Rice, president of the Rice Malting Co., of Winnipeg and Chicago, spent a couple of days here last week in the interests of his company. He was accompanied by Mr. Mitchell, of the Natural Resources Branch of the C.P.R. Mr. Rice stated that he was calculating establishing a branch of his business in Western Canada, and with this aim in view had visited various towns in Alberta and Saskatchewan. He was particularly impressed with Bow Island, not only because it was situated in the centre of Canada's greatest gas belt, but because of the extensive farming lands which surround the town. For the purpose which he required, barley had to be of a certain grade, and samples of the Bow Island product which he had seen, led him to believe that he could fill his requirements in this district. However, he said, nothing definite would be announced for a couple of months.

Silica Sand Discovered.

Two representatives of a brick industry at Medicine Hat have spent the best part of the past week in thoroughly prospecting and examining the country adjacent to Bow Island for brick clay. They were exceptionally well pleased with the result of their examination, stating that some clay which they have found is the finest possible to secure. They have staked out forty acres north-west of town, but have not announced the exact location. Upon this they propose erecting a large brick plant. The two Redcliff men also claim to have discovered a splendid deposit of silica sand, samples of which they took away for the purpose of analysing.

WINNIFRED AGRICULTURAL SOCIETY.

Annual Meeting and Election of Officers.

The annual meeting of the Winnifred Agricultural Society was held in the L.O.O.F. hall at Winnifred on Saturday, December 23rd, and the following officers elected for the ensuing year:—Honorary President, Nelson Spencer; President, Dan Mc Dougall; First Vice-president, Alex Smith; Second Vice-president, John Barber; Sec-treas., R. A. Parker; Auditor, J. D. Fisher; Directors, G. Murray, H. Flett, John Rygg, John Sward, Peter La Marsh, A. E. Kevall, W. Fuller, John Campbell, A. Chisholm, J. V. Beath, T. L. Parker, John Christopherson, Mrs. J. F. McFarlane, Mrs. H. Flett, and Mrs. Katheline Munro.

The financial report of the secretary showed the society out of debt, which was very encouraging to the officers and members.

Plans were laid for the erection of two more buildings during the coming year.

Are Your Children Learning to Save Money?

Each maturing son and daughter should have a personal Savings Account in the Union Bank of Canada, with opportunities to save regularly, and training in how to expend money wisely. Such an education in thrift and saving will prove invaluable in later life.

Bow Island branch - J. M. Milroy, Manager.
Grassy Lake branch - A. B. King, Acting-mgr.
Winnifred branch - H. E. Sands, Manager.

FOREMOST.

Foremost, Dec. 12.—Grain is still coming in from all parts and the elevator men have their hands full.

Lee Grade shipped in a car of flour this week. This is the third car of flour in the last week or so. The neighbouring farmers evidently must be getting into shape for the spring.

The Lester Lumber Co.'s sheds and offices are growing rapidly and Mr. Ringwood has received quite a number of cars of first class lumber.

W. Whistley shipped in a car of salt coal this week.

An entertainment will be held at the Wind Hill school, together with a Christmas tree and dance, on the night of the 26th.

H. Hulse, a prominent rancher from the Elk River, spent the week end in the much cold this week.

Police Constable Stephen of the R. S.W.M.P., stationed at Medicine Hat was in town last week.

A big dance took place last Friday at the Young Maidens school house. The business men and neighbouring farmers are eagerly looking forward to the coming in of the Union Bank of Canada, who we are given to understand have purchased a lot on Main street.

H. B. Hunt spent a few days in Calgary on business last week.

M. Salmon made a trip to Grassy Lake and Burdett on Wednesday last, returning on a load of lumber.

The town folk were awfully scared on Thursday last when they saw that the pool room was surrounded. It is supposed that this was another way of telling the people to "keep out" as the bidders were at work.

Bruce Carrington moved his family into town on Wednesday. He expects to be doing business in a few days.

As near as can be learned there will be no passenger service on the Siding-Foremost line this winter. The superintendent at Medicine Hat has informed Secretary Bay of the Board of Trade, that freight rates will continue, but no movements in less than 100 car loads will not be accepted.

Travellers, packers, saddle-bags, furniture, made a fine record last year, and was a close second. Gas.

A Young who is nre of the multitude, had a stiff fight. He is a man of independent mind and makes a splendid representative. Deneen Morris and Gilvie are new men. Deneen and Morris have had much experience in other municipalities and are expected to do well in the council.

Gilvie, also a new man, was well supported and promises to give a good account of himself during the coming term.

The money by-law was defeated.

This was for the purpose of raising money to build roads in the municipality next year.

ENDON.

Endon, Dec. 20.—After a sharp fight for municipal honours in which fourteen prominent farmers engaged as candidates, the following were declared elected by V. V. Messinger, the returning officer:

W. F. Hobart, Faith; Joe. M. Dougall, Farm; D. Morris, Endon; W. J. Dorsum, Forways; W. H. Gilvie, Faith, and Geo. A. Young, Endon.

W. F. Hobart, a prominent farmer, and George Dougall, a former councillor, made a fine record last year, and was a close second. Gas.

A Young who is nre of the multitude, had a stiff fight. He is a man of independent mind and makes a splendid representative. Deneen Morris and Gilvie are new men. Deneen and Morris have had much experience in other municipalities and are expected to do well in the council.

Gilvie, also a new man, was well supported and promises to give a good account of himself during the coming term.

The money by-law was defeated.

This was for the purpose of raising money to build roads in the municipality next year.

WINDY RIDGE.

Leo Nowak made a trip to Bow Island on Tuesday.

The Glen Echo school closed last Friday.

Miss Iris Pugs, who went to the hospital at Redwater, Minn., for treatment, is reported doing nicely and will soon return home.

V. McNeely is appointed postmaster at Seven Persons.

Mrs. J. Lamoreaux spent a week at Bow Island the guest of her sister and nephew, Mrs. and Miss Hobart.

The Mayor was transacting business at Bow Island last week.

Mr. Fred Parker was in Bow Island last Wednesday.

J. Lamoreaux spent last Tuesday with Frank Ream and family.

Notice to Dog Owners

In compliance with By-law No. 8 of the Town of Bow Island, all owners of dogs, or any person harboring dogs, within the limits of the town of Bow Island are required to procure a tag from the Secretary-treasurer of the Town of Bow Island by January 1st of any year.

WARNING.

Paragraph 15 of this By-law reads: "Any person who violates any of the provisions of the provisions of this By-law shall on conviction thereof before any Justice of the Peace or before any Justice in the Town of Bow Island on the oath or affirmation of any credible witness, be liable to a fine not exceeding the sum of \$100.00 in addition to costs for each offence."

R. F. LACKENDY, Chief of Police

THE REVIEW, BOW ISLAND, ALBERTA.

ATTACK ON CANADA
IN WALL STREET

American Financial Papers Cooperate to Discourage Country's Economic Position

There has been no change in Canadian industrial conditions to warrant the upturn in the market value of Canadian Railway shares. The stock market has been too high up to go up towards 200, but there appears to be a great deal in the contention that a certain Wall Street crowd have made up their minds to keep the market down during the last few weeks. The operators in question are said to be the same men who for two or three years past have been buying up shares of Canadian and especially Canadian Pacific Railway prospects that have appeared in certain American newspapers. As far as the market is concerned, there has been a series of paroxysms, bear raids on the issue. Used rail market conditions abroad have facilitated the campaign, but we may rest assured that when the operators make a move in this direction they can on the bear side they will turn around and "buy" the stock and things Canadian for all and perhaps more when they are worth, and thus obtain more profits for themselves.

There is certain, if the stock was ever warranted in selling anywhere near 300 it is not dear around 200. The security behind it the natural transportation facilities and the natural resources of the world. The land holdings are very valuable, and it has an abundant cash reserve. The main highway nerves a rapidly-developing continent, and the chief route between Europe and Asia is now through Canada. The business enormous in the next few years. Montreal Canadians should not over-emphasize the significance of what has evidently been a price manipulation by the men in the energy sector, security and oil advertising.

Money has been tight all over the world but the process of extending it will under way. For months banks in Europe have been loaning to the United States, and in Canada, have been loaning to the U.S. to get their customers to get along with less accommodation than they thought they needed, and as a result one hears of a growing accumulation of capital, which is one reason why stocks are receiving hundreds of thousands of immigrants every year and rapidly extending its production of real wealth from innumerable natural resources.

TRADE WITH ORIENT

Object of New Western Flyer Mill
—Panama Canal a Factor

A policy of extending for future business rather than for immediate profit was enunciated by Hon. D. C. Cameron, Minister of Trade and Commerce, at the annual meeting of shareholders the other day. Mr. Cameron stated that particular care was being paid to establishing a new connection of four hours in shipping time and it was the intention to pay more attention to foreign trade than to domestic.

Mr. Hedley Shaw, General Manager of the company, said, in part:—

"At present, in view of the recent directors considered it advisable to increase the capacity at Port Colborne. A short time ago contracts were let with the Allis-Chalmers Co. for machinery, which will increase the capacity at Port Colborne to 1,000,000 bbls. per day. We are also adding to our grain elevator forty new bins which will give us grain capacity at Port Colborne of 1,500,000 bbls. per day. All the grain will be cleaned and ready for the grain elevators. This will make the Port Colborne mill one of the largest and most modern milling plants in the world."

"On account of the great growth in world trade and particularly the fact that when the Panama Canal is open for traffic, some of our western grain will find an outlet by the Pacific Coast," your directors have secured a more valuable market for the City of Medicine Hat, a concession of 100,000 acres free, also exemptions, for the purpose of erecting a milling plant to take care of the western business, and so to put the company in a position to do a trade in the far east."

A four mill, having a capacity of 1,000 bbls. per day, is being erected by the Ford Milling Co. in Swift Current, S.D.

C.P.R. Construction.

According to C.P.R. officials, the season just closed has been a very successful one, and much new road has been constructed.

On the Lethbridge-Weyburn line trains are now in regular operation from Siding to Weyburn, a distance of 100 miles of track and 80 miles of grading still remain to be done before this branch line is completed. It is expected that the road will be completed by the end of next month or the first of January.

The line from Swift to Redcliff has not been completed, although a temporary service has been in operation since the grain movement commenced.

NOTICE TO CLAIMANTS AND CREDITORS.

IN THE DISTRICT COURT OF
THE DISTRICT OF LETHBRIDGE

In the Estate of
CHARLES McPHEE, Deceased.

NOTICE is hereby given that all persons having claims upon the late Charles McPhee who died on the 20th day of November A.D. 1914, are invited to present them to the designated solicitors for Margaret Thompson, Administer of the Estate, at the same address, on or before January 14th, 1915.

There is no estate in the name of Charles McPhee, son, daughter, brother or sister of the deceased.

Bow Island Review

W. P. COTTON, Proprietor.

Bow Island Alberta

A newspaper published in the interests of Bow Island and the surrounding district.

Subscription Rates—\$1.50 a year.

United States—\$2.00 a year.

Payable in advance.

Advertising Rates on Application.

Local and General.

C. F. Henry returned this week from Minneapolis.

Wilbert Bowen gone to Calgary to spend the holidays with his sister, Mrs. B. F. Sundy.

Mr. and Mrs. H. E. Beattie left on Wednesday for Amherst Nova Scotia.

Mr. Sully, of Medicine Hat, was the guest of Mr. and Mrs. G. H. Ridgedale this week.

K. M. Holcroft and L. V. Ferne, were the unexpected guests of His Majesty at Grassy Lake, during Christmas Day.

J. W. Reid left on Wednesday for Wainwright where he is spending the Xmas holidays with his brother, R. E. Reid.

Mr. and Mrs. Jas. R. Shearer will be "At Home" to gentle men callers on New Year's afternoon at the Mans.

Mrs. J. W. Campbell left last week with Mr. and Mrs. Hull, to spend Christmas at Cayley. J. W. Campbell left on Wednesday.

Mrs. Hurst, of Lethbridge, with her husband, spent the Christmas holidays with her parents, Mr. and Mrs. J. W. Hurst.

The Masonic Lodges of Bow Island, Taber and Grassy Lake will convene at the latter town on Saturday evening for a joint installation.

R. Jaynes, formerly of Macleath, has leased the C. F. Henry mine south of Bow Island, where he will reside in future.

Service will be held in the Presbyterian Church in the morning next Sunday, December 28th at 11th o'clock.

It is expected that Rev. W. Shearer of Calgary will be the preacher.

The members of Golden Link (Rebekah) Lodge received a cordial invitation from the Winnifred (Rebekah) Lodge L.O.O.F. to visit the latter lodge on Tuesday, December 30th, and assist in having a good time. It is expected that most of the members will make the grade.

"The Only Girl," a dramatic comedy in four acts, will be given in the L.O.O.F. hall on January 1st under the auspices of the Bow Island Amusement Society. The best of local talent is interested in this comedy and the chances are that those who attend will hours of keen enjoyment. A dance will take place after the show.

A large number have taken advantage of our Christmas offer of the Bow Island Review and Country Life in Canada and have liked it. Why not? This offer remains open until December 31st and will not be extended, so that you have but a very few days in which to make your request. For \$1.50 you get both for one year.

At Geo. Caye's sale on Wednesday the 17th inst., excellent prices were obtained on the majority of the live stock. We give below a few of the most striking examples:—1 team of geldings, \$436; Bay mare, \$190; Mare colt, \$150; Black mare, \$190; Cow and calf (4 weeks), \$113; 2 2-year old and one yearling heifers \$55 each. To quote Mr. Caye's own expression—"It pays to advertise."

It is reported that the Winnifred Oddfellows will try to get permission to confer some of the degrees at the grand lodge session in Medicine Hat this winter. If they attempt it the boys will certainly make a good showing as they have a first class degree team.

At the annual meeting of the Altarado U.P.A., held on Friday December 5th, Russell McFall was elected president and Harvey Mackenzie secretary-treasurer.

After the meeting the meeting the young people of Doonland enjoyed a few hours dancing.

On last Thursday evening a number of friends gathered at the home of Charlie Hirsch, in honour of his father and mother who left on Friday morning for Michigan. A splendid supper was served, after which games were played and a good time was enjoyed by all. Those present included Mr. and Mrs. James Mx. and Mrs. Hamel, Mr. and Mrs. Davison, Mrs. C. Fowler and daughters, Mr. and Mrs. F. Ream, Mrs. and Miss Boles, J. McCarter, A. Waltham A. Graham, and Mrs. J. Lamoreaux and Edd Ream of Windy Ridge.

FOUND.
Found on back Main Street north one new wagon seat. Owner can have same by applying at Post Office, Bow Island, and paying for this advt.—R. Luckenby, chief of police.

Samples Wanted.

Wanted! Farmers and others to bring in samples of clay suitable for brick, tile or other purposes.

Samples of sand also required, suitable for building, glass making, etc.

Test of samples will be undertaken free of charge.

E. W. Luckenby, Bow Island.
